A Question of Salaries.

Oregon started out on her course as a State, with the very prudent maxim in mind, that one "must creep before he can walk," and in all respects adopted a system of economy that has been admirable in its results, and to it we owe the fact, that, but for a disagreement about greenbacks—some being thrust at the Treasury by a few counties—we are to-day out of debt, and have a balance in the Treasury.

But, "a change has come o'er the spirit of our dreams." The child has cast its swaddling clothes and walks, and as our progress goes "marching on," we will soon take our part with the developed proportions of full grown manhood.

The duties of our officers of State and Judiciary, have so increased that the salaries paid are far from commensurate with them. Our Governor has far more responsible duties to perform than his predecessor, as he is obliged to act as Superintendent of Common Schools, also of the Penitentiary; is Commissioner of our public lands, and Superintendent of Educational interests throughout the State, as well as Supervisor of the Insane Asylum.

Our Secretary of State—a man equal to his position, too, in every respect—has more to do than ever, and performs duties that would deserve and receive better reward in almost any other pursuit in life.

The State of Oregon to-day, is not the State of Oregon that adopted the Constitution of 1859. Since then, the Willamette valley alone, has doubled in wealth, if not in population, and is to-day receiving an access to her list of permanent citizens, not only from the emigration from the East, but as well from the parched plains of California. A host of whose inhabitants are at present flocking hither to reap the harvests consequent on "Oregon mists." The world has always laughed at this land of rains, but now begin to appreciate it. East of the mountains a new theatre of action has developed. The treasure house of the world seems located in these mountain ranges, and Oregon has a promise of wealth and greatness based upon the mineral wealth found there.

As a consequence of all this development, and increase of business, the duties of our Judiciary have very much increased, and the disproportion of salaries is even more plainly visible in their case than in any other. The Judge of the 5th Judicial District has all Eastern Oregon for his field of labor, his district will soon require 11 terms of Court, and comprise five counties.

It is literally impossible for him to live on the pittance of $2000 per annum—at least to live as a Supreme Judge of our State, one capable of filling the station, and of doing it to the satisfaction of his district, as he so emphatically does—should live.

The same is true of Judge Prim of Southern Oregon, whose traveling expenses are not so great as the former, but suffice to eat up a great part of his salary; and those who know Judge Shattuck's district, must be aware that his duties are too onerous, and constantly required to be at all paid for by the salary he receives.

Notice has been given in the Senate of a Bill to increase these salaries; to give Judge Wilson $3500, and to Judges Shattuck and Prim $3000 each; while Judges Stratton and Boise, living more at home, with less work to do, and some chance to attend to their other affairs, are willing to go on for a while longer at the old rate of pay, while they fully agree in the claim for an increase of salary put in by their associates.

The laborer is emphatically worthy of his hire, and while the people of Oregon have a Supreme bench they are proud of, and can depend on, they will be churlish to deny a reasonable compensation to their labors, and we hardly think any objection will be made to provide handsomely for them, while their compensation will not then be more than half that accorded to similar positions in California.

The Sanitary Fair.

[SPECIAL CORRESPONDENCE OF THE DAILY OREGONIAN.]

It is very pleasant to know that, as a whole, there was something that could be called a success in the week just past, connected, though ever so remotely, with the State Fair. The *Arena* lays quite an amount of the State Fair troubles at the door of the Sanitary cause; but the *Arena* can prove nothing of the kind.

The Sanitary Fair was an entire success. Of course it was not thoroughly managed, nor well conducted in every respect. Such a result was not possible. One thing it did *not* do, that is, it did not interfere in any way with the progress of the State Fair; and the ladies of Oregon have reason to feel proud of their success in this effort which has succeeded in raising some $5,000 or $6,000 for soldiers in the field.

In the large show rooms of the Fair, there were tables for different counties, attended upon by ladies from the same counties. Multnomah county had a good representation and the Portland ladies present raised a large sum from sales made by them. There was a large assortment and variety of articles to be found there, and many things offered were too fine to be well disposed of here and were taken back again—including some very nice specimens of needlework.

LOTTERIES AND RAFFLES.

The Multnomah County Raffle included a sewing machine, a fine lot of paintings, and many other useful or fancy articles.

The Marion County Raffle, or Lottery, included a sewing machine, some furniture and many smaller articles.

The Blue Mountain Raffle was based on fifty-two specimens of gold quartz. One piece [illegible] smooth quartz and gold from Canyon Creek, worth $150 formed the principal [illegible] while the other—saving specimen [illegible] and another from a place unknown—were from the [illegible] ledge found in Humboldt [illegible] county, and were presented by the citizens of Humboldt Basin, through Hon. [illegible] the representative, who is a fortunate owner in the ledge, and of a liberal turn. Mr. Cole makes it worthy representative of the mining interests, as can be also well said of Mr. [illegible] who presented the beautiful specimens from that district.

The raffles made the Fair quite interesting. There was some opposition to this raffling [illegible] at all; but they were made a feature that could hardly be dispensed with in any other way, and those who took chances very seldom did it from mercenary motives.

THE [illegible] [illegible]LOWS.

The largest specimen worth $250 was drawn by a gentleman from [illegible], living near [illegible]. [illegible]

The generosity of winners, however, had to very great [illegible] of receiving their winnings, and many things were raffled off, the lucky drawers frequently [illegible] themselves altogether as [illegible] the man who drew the elephant, and could find no use for him.

Many who drew prizes returned them to the Society, and they were [illegible] such sales adding much to the receipts and profits, and showing how truly disinterested were many present.

THAT FATEFUL TOMAHAWK.

[illegible] having been the instrument of the murder of Dr. Whitman, was purchased [illegible] the future "State Historical Society," and is now deposited in the archives of the State. The thrilling incidents of the Whitman massacre will be a matter of interest always, and be fully described on the pages of history, long after the present generation has passed away, and this tomahawk, with its singular blade and pipe bowl on the other side, and its handle covered with beaded wampum, will be a most valuable thing to preserve, and accompanying it is the [illegible], usual to a grand Indian war rig.

This interesting memento of a bloody tragedy, by good management realized near $100, for the [illegible].

MISCELLANEOUS ITEMS.

There was a beautiful lot of hot house plants that were disposed of for near $100.

A young elk, perfectly tame and docile, circulated around, willing to be acquainted with any one he met, as friendly as any politician.

Mammoth cakes and mammoth cheeses were sold at auction piece by piece. The Post Office afforded letters to those who gave it a chance, and much good natured and amusing correspondence was the consequence.

Some people made excellent bargains for themselves, and some made excellent bargains for the Sanitary cause, allowing themselves to be gloriously swindled by any fair one who came along, just because it was such a good cause to be swindled in, and as a result of all this effort, no one really feels any poorer, and we have raised somewhere between $5,000 and $6,000 much to our credit.

SOCKS FOR THE SOLDIERS.

Excellent socks, better than folks knit for the stores, were constantly coming in, not for sale at the fair. Ladies from certain Eastern States, would knit socks which they desired should be worn by soldiers from those States now in the field. One old lady of 84 years of age had knit five pair which she presented, also she gave a $20 bill of the old Continental Currency, for which some gentleman, of antiquarian tastes, immediately offered its face in legal tender notes.

THE SANITARY KITCHEN.

The Sanitary Kitchen was under the superintendence of Mrs. Dr. Davenport of Marion county, and too much credit cannot be awarded to her disinterested efforts, which resulted in affording meals for thousands of hungry men, women and children, and realized thousands of gold coin dollars for the good cause she had so much at heart. Three cooks proved really insufficient to do the work in suitable style, but more could not be got. The dining-room seated 250 persons who were waited on by lady volunteers who did their best. Henry Burton, a colored man, of Portland, as head steward, made the best of everything, and rendered good satisfaction. There were times when the crowd could not be readily fed, that, however, was only a question of time, and those who had patience came out all right.

Mr. Cook, of Portland, will in time render his report as Treasurer, showing how much was realized. To him and others much is due for securing so good results generally, and especially for directing and superintending so well that very little fault could be found by any one.

FROM THE CAPITAL.

[SPECIAL CORRESPONDENCE OF THE DAILY OREGONIAN.]

IN THE HOUSE, OCT. 4TH.

Opened with prayer by Rev. O. Dickinson.

Committee on Commerce, by Gillette, reported H. B. No. 1[illegible], relative to trade marks, with amendments.

Judiciary Committee, by Mr. Underwood, reported H. B. No. 6, to exempt homesteads from execution, with amendments, limiting value of exemption at $[illegible]. This brought up the consideration of the main features of the bill. Mr. Cartwright gave notice of his intention to oppose the bill. He believed that every man should pay his debts, if it took his last bottom dollar. Mr. Murphy believed the present law exempted at least $1,000 worth of personal property, and he believed that was an injustice in itself. This would be a greater one, and he was surprised that friends of the Specific Contract law should favor a bill like this.

Mr. Thornton favored the bill; thought the statement that $1,000 was already exempt was incorrect.

Mr. Wakefield moved to amend by reducing the value of homesteads to $500.

Mr. Underwood favored the bill, but thought it might as well be withdrawn as to destroy its value by such amendments as this.

Motion was made by Mr. Fay to indefinitely postpone.

Mr. Underwood opposed such disposition of bills as unfair legislation; merely dodging questions on which gentlemen should appear squarely upon the record. The motion to indefinitely postpone was lost—11 to 2[illegible].

S. B. No. [illegible] became, by previous action, the special order of the day at 11 o'clock, it being the bill relative to Specific Contracts, which passed the Senate yesterday.

A call of the House was had, and Mr. Lane, who is sick, and Mr. Perkins, who has gone home on account of sickness in his family, on motion were excused. As they differ in opinion as to the merits of the bill, their absence does not change the status. Several other members were absent and sent for. The Doorkeeper, in the meantime, being ordered to prevent the egress of those members who were in, causing considerable amusement in granting leave to those who wanted to "go out." The friends of the bill are ready with speeches, while its opponents are not a whit behind.

The bill was read first time. Mr. Underwood moved to suspend the rules and read the bill the second time.

Mr. Wade considered such hasty legislation injudicious, and opposed the motion. Dr. Bowlby answered his objection by showing that nothing could be known further of the bill until it came to its second reading.

The Doctor also alluded to the anxiety manifest in many to have the fate of the bill decided, and he counted on phrenological principles for the fact that so many gentlemen had just wanted to "go out."

Mr. Fay seconded the arguments of Dr. Bowlby.

Mr. Murphy opposed the motion; called the attention of members to the fact that Grant was in three miles of the Democratic party in Richmond. If he whipped Lee, gentlemen would be ashamed of their votes for this bill, and wish they had a chance to retract their hasty action, &c. Mr. Gillette went into the matter in his usual style, opposing the motion. The bill was too important to be trifled with, &c.

Mr. Fay called the attention of gentlemen to the fact that this bill had been well considered in the Judiciary Committee, and that S. B. No. 6 was identical with the H. B. No. [illegible], discussed on yesterday. The vote on suspending the rules stood—ayes 20, noes 16. As it requires a two-third vote to suspend the rules, the motion was lost. All [illegible] the House will have to wait the regular time and not get rid of this matter for a couple of days to come; but this vote is suggestive and indicates the passage of the bill.

HOUSE IN THE AFTERNOON.

H. B. No. 6, exempting homesteads from execution, came up again for consideration in regular order.

Discussion was again resumed on reducing the value of the homestead from $[illegible] to $500, which failed to carry.

Mr. Lawson moved that the sum of $1,000 be substituted, which motion carried, and the bill was so amended.

Other amendments were offered, in debate, on which Mr. [illegible] declared his intention to oppose the bill in its present shape. [illegible]

Mr. [illegible] presented an amendment showing how the value was to be determined in certain cases, and the homestead properly set off when the property shall be levied upon.

Mr. Underwood moved to refer the bill to the Committee of the Whole, which motion was lost.

Mr. [illegible] reported certain bills as correctly enrolled.

Mr. Cartwright, from the Committee on [illegible], reported H. B. No. 27, To Incorporate the Dalles City, with certain amendments.

One amendment relieving those who pay city licenses [illegible]. The bill was ordered engrossed and read a third time to-morrow.

Mr. [illegible], from the Committee on Counties, reported H. B. No. 50, To organize the County of Grant, with amendments as the original bill had not been referred to the House. The report by consent was withdrawn.

Mr. Fay moved that S. B. No. 6, Relating to Specific Contracts be made special order for to-morrow at 10 o'clock, A. M.

Mr. Wade moved the House have an evening session. Carried.

Mr. Underwood moved to reconsider the vote of yesterday indefinitely postponing H. B. No. 2[illegible], for relief of W. C. Johnson.

Mr. Murphy appealed from decision of the Chair, allowing such reconsideration. He considered the ruling of the Chair and his construction of rules a squirming way of getting around the question.

Mr. Cartwright considered the remarks discourteous to the Chair, and called for the question.

The House refused to sustain the Chair. Ayes, 15. Noes, 18.

The standing rules of the House set forth that any motion may be reconsidered within three days. This is rule 34. Rule 28 says, when a question is postponed indefinitely, it cannot be again acted on during the session. These rules do not conflict. Evidently the indefinite postponement is not perfected until the three days allowed for reconsideration have elapsed, and such motion is therefore in order during the three days. Such being the case the Chair was right and the House wrong. An indefinite postponement might be carried by undue apprehension, and it is shutting it beyond the power of the House, within a reasonable time, to rectify a mistake.

Mr. Borland moved to reconsider the vote by which the amendment to H. B. No. 27 was stricken out, relating to those who pay city license at Dalles, from County license and after a fair statement of the matter the House voted against striking out, and so Dalles City can dispense with County licenses so far as the House is concerned.

The rules were suspended and H. B. No. 5[illegible], To Incorporate the City of Albany, was read a second time by its title, ordered engrossed and read a third time to-morrow.

H. B. No. 37, To repeal Act requiring inspection of Salmon, was read second time, ordered engrossed and read third time to-morrow.

H. B. No. 38, In relation to Sureties becoming Creditors of [illegible], read second time and referred to Messrs. Thornton, Underwood and Fay.

H. B. No. 42, Relating to prohibition by ordinary proceedings, read second time and referred to a committee.

Quite a number of bills were read a second time, and referred to committees or ordered engrossed, but there is too much else going on to allude to them to-day.

H. B. No. 55, To locate County Seat of Umatilla by means of Special Election, was read second and third time and on its final passage carried unanimously.

H. B. No. 31, Requiring Proprietors to Record Town Sites, was ordered engrossed and read third time to-morrow.

EVENING SESSION.

H. B. No. 55, Relating to Highways.

H. B. No. 57, To pay Warrants in hands of Hawthorne & Loryea.

H. B. No. 58, To regulate Boundaries of Josephine County.

These bills were read second time and referred.

H. B. No. 25, To prevent certain Male Stock from Running at Large, came up on its 3d reading.

Mr. Fay wanted to include half-breed Indians. Bill passed.

H. B. No. 19, Relating to Census, was read a third time and passed. It provides for taking census every ten years, at the time assessment is made, and particulars what shall be taken account of.

H. B. No. 28, Donating certain Lands to Oregon Military and Central Road Company, was read a third time and passed. This road leads from Eugene City to John Day river.

H. B. No. 60, To provide for Paying certain Judgements against the State of Oregon.

A long discussion ensued concerning the $180, allowed by the Supreme Court as fees due to Mr. Hodgkinson, Prosecuting Attorney in those cases. Some claimed that Clatsop County owed this amount, others that the State ought to pay it in justice. But the bill passed with Mr. Hodgkinson's allowance included.

SENATE, Oct. 5.

Dr. Loryea has very kindly furnished a report of the Senate proceedings almost regularly since the session commenced, for which he deserves an acknowledgment. To-day the Senate reports are necessarily meager owing to his absence, but hereafter they will be more fully reported than to-day.

S. B. No. 17, being the report of Code Commissioner, and the new addition to the Code, was reported from the Judiciary committee with amendments, which were adopted.

S. B. No. 12, relating to greenbacks deposited in the State Treasury was reported by Gen. Palmer from committee, with a recommendation that S. B. No. 25, presented therewith, be accepted as a substitute. It was so accepted and provides that they shall be received and disbursed at their commercial value.

S. B. No. 26, by Mr. Chrisman, requiring the State Treasurer to receive and disburse Legal Tender notes paid into the State Treasury, at their par value.

S. B. No. 27, by Mr. Hovey, relating to fire insurance companies.

S. B. No. 28, by Mr. Donnel, relating to assessment and collection of taxes.

S. B. No. 29, by Mr. Pyle, relating to salaries of Justices of Supreme Court.

These foregoing bills were read first time.

S. B. No. 4, to provide for Board of Pilot Commissioners at Umpqua river Bar was read third time and passed.

S. B. No. 19, amending the code so as to prevent negroes from giving testimony in Courts was read third time and put on its final passage.

This passage gave rise to an excited discussion. Mr. Chrisman was earnest in favoring the bill. He agreed with the Constitution in prohibiting negroes from rights of citizenship, and showed that he had brought with him from Virginia old prejudices against the negro race.

Mr. Cornelius considered that it was his duty under the Constitution, to favor such a bill, and for this reason he should support it.

Mr. Frazer took the same view of the question.

Mr. Curl spoke in favor of the bill.

Messrs. Pyle, Mitchell, Cranston and [illegible] opposed the bill as contrary to the spirit of the nineteenth century; thought a negro might often give important evidence, which, with other evidence under the code, would only be taken for what it was worth. The debate lasted quite a while, and on final passage the bill was lost. Ayes 5, noes 11.

S. B. No. 9, to correct error in boundary line of Douglas County was read third time and passed.

S. B. No. 8, relating to estrays was read third time and failed to passed. Vote stood 6 to 11.

This bill gave rise to quite a discussion.

Messrs. [illegible] and Frazer spoke in favor of it.

Messrs. Palmer, Pyle and Cornelius against it.

Nothing else of importance transpired.

A HEAVY CARGO.—The steamer *Nez Perce* left the Cascades yesterday with a full cargo, having on board a Company of the Oregon Cavalry, with their horses, etc., for Fort Vancouver; 120 passengers, 100 head of stock, and seven freight wagons for Portland.

SPECIAL DISPATCHES TO THE DAILY OREGONIAN.

LATER FROM THE EAST.

Dates to October 4.

NEW YORK, Oct. [illegible]—A [illegible] correspondent of the 2[illegible] says: [illegible] cavalry and [illegible] infantry, attacked Wilson's cavalry and [illegible] [illegible]. Our loss was [illegible] killed and wounded.

The [illegible] correspondent [illegible] again pushed forward [illegible] within three miles from Richmond, when the rebels opened with artillery from their main works. Disregarding this they drove the rebels [illegible] into their works at [illegible] House, two miles from Richmond. These works are very formidable and similar to those in our front, at [illegible] in from stores, shops, factories, to meet the emergency. [illegible] Our loss was [illegible]. Prisoners report the present strength of Lee's army at Petersburg is 20,000 [illegible].

A railroad man who was captured to-day, asserts that he saw on Monday, six thousand troops moving from Lynchburg to Gordonsville to support Early, and two brigades of Kershaw's division had previously been sent forward for the same purpose. Most of the prisoners captured are [illegible] soldiers just thrown into the ranks. When an advance is made every man capable of bearing arms is put into the field, and business is suspended.

A Shenandoah correspondent opposite Brown's Gap on the 29th, says: No general engagement has taken place since Fisher's Hill. The enemy left the valley through Brown's Gap. Early was much dispirited and drank heavily. Over 2,000 rebels scattered through the mountains without arms are approaching Staunton. The enemy had gone toward Charlottesville.

Oct. 1st.—Everything is favorable up to this time, and all objects of the campaign have been reached.

He had seen fit to buy it at very advantageous rates, and every where he is now to comply with his contract, and has in reality [illegible] the best bargain in the city. THROAT.

CINCINNATI, Jan. 8, 1861. Messrs. A. L. *Scovill & Co.—Gentlemen: I feel it a duty I owe to others to let them know the value of your Dr. William Hall's Balsam for curing of Croup. My little girl, seven years old, had an attack of Croup, and came very near dying! I put her Dr. Wm. Hall's Balsam, as directed, which gave relief in a very short time. We have used it in cases of bad cough, with the happiest effect. Benjamin Pilkin, M. D., between Main and Sycamore streets.* For sale by Druggists everywhere. **REDINGTON & CO.,** General Agents *for the Pacific Coast,* **416 and 418** *Front street, San Francisco.*

Beware of all other preparations of the same name. Each bottle of the genuine bears the signature of "A. L. Baker & Co.," Cincinnati. Take none other. Price One Dollar per bottle. aug25d3m

AS A SPRING REMEDY, to purify and cleanse the Blood leaving it free from all humors and impurities, we assert with confidence that there is no better remedy than SCOVILL'S BLOOD AND LIVER SYRUP.

BOILS.

WE READ THAT ONE OF the sorest afflictions that the patient Job was called upon to bear was that of boils, and they have been found to be, from that time to the present, the most troublesome and painful of visitors. We have known instances where individuals were sure to have these eruptions break out upon them once a month at least. They show an impure state of the blood, and that humor of some kind is lurking there, and the overplus of corruption is actually forced to the surface of the body, making its appearance in the form of Boils. Now, is it not best at once to purify the system? Do you ask what will do this? We answer, **Scovill's Blood and Liver Syrup.** It is curing humors in every form, and there is not a State in the Union where it has not accomplished the most astonishing cures. REDINGTON & CO., Agents, 416 and [illegible] Front Street, San Francisco.

A BRUTAL ASSAULT.—Mr. Wm. Davidson, the collector of accounts for the OREGONIAN establishment, was most brutally assaulted by James B. [illegible], at the corner of Morrison and First streets, in this city yesterday, knocked down, and severely [illegible] around the head in regular bully and worse [illegible] ruffianistyle. The cause of the assault [illegible] to presentation of a bill for advertising. [illegible] The original amount of [illegible] was $10, which was reduced to [illegible] by the [illegible] of a $10 legal tender by Mr. [illegible] Austin. [illegible] stated that the proceeds of it should be placed [illegible] account. At the time of this transaction legal tenders were worth 45 cents on the dollar, and after that event an additional amount of [illegible] was added to the account by the insertion of advertising by Mr. Davidson, at the solicitation of [illegible]. [illegible] asserted that he was the [illegible] to do it [illegible]. Thus the account stands as it was [illegible]. Mr. Davidson is positive in his statements [illegible] an ill word has passed between them in reference to the matter, and that he thought there [illegible] occasion for any, until he was knocked down [illegible] about, to go through all his business [illegible] said of Mr. Davidson that he is [illegible] to giving insults—but quite the opposite. [illegible] generally done in the most courteous [illegible]. When he is pressing in his demands for [illegible] payment of accounts [illegible] he [illegible] to make an enemy by the [illegible] with the friends of Mr. Davidson, and the [illegible] of yesterday upon him was freely discussed [illegible] a most fiendish outrage. [illegible] he did he skulkingly [illegible] and appeared before [illegible] own complaint, taking [illegible] to keep the [illegible] discovered his [illegible] a fine [illegible] disturbing the peace [illegible] of the city, which [illegible] ordinary circumstances would have [illegible] as large. His fine [illegible] then very promptly arrested for assault and battery and taken before Justice Alderson. [illegible] the plea of guilty presented the testimony of [illegible] witnesses, to show the brutality exhibited, and the aggravating circumstances of the case, and [illegible] fine of $20 and costs again [illegible] civil suit for damages will be instituted by Mr. Davidson, when it is expected the entire circumstances will be sifted to the bottom, in the District Court. In conclusion we may say that we desire the patronage of no man who is unwilling, or who will [illegible] to pay his bills. The advertisements of [illegible] are set aside this morning, to make room for more honorable mention, and they will appear no more until his accounts are settled—and then he will pay in advance, as a guarantee [illegible] for any future favors at this office.

THE NEW OREGON SENATOR.—As several incorrect sketches of the Senator elect from Oregon, Hon. Geo. H. Williams, are now going the rounds of the press, we take this occasion to correct them. George H. Williams was born in Columbia County, New York, on the 26th of March, 1823. In 1844, after studying law with Hon. Daniel Gott, of Pompey, he was admitted to practice law in the State of New York. During the same year he emigrated to Iowa. In 1847 he was elected Judge of the First Judicial District of Iowa, then comprising a large part of the population and business of that territory, and discharged the duties of that office for five years. In 1852 he was elected in Iowa a Presidential elector on the Pierce ticket. He then [illegible] renewed his journey westward, and [illegible] a home in Oregon, where in 1853 he was appointed by President Pierce Chief Justice of the Territory, and in 1857 was re-appointed by President Buchanan. In 1858 he resigned. Judge Williams was a member of the Oregon State Constitutional Convention, and acted as Chairman of the [illegible] committee. Since 1858 he has practiced his profession as a lawyer in this State, residing at Portland. His interests are identified with the prosperity of the State, and as a politician he is unflinching [illegible] on the side of patriotic fealty to the Union. We are satisfied that Judge Williams will make an able and faithful representative of Oregon in the highest councils of the Nation.

SPECIFIC CONTRACT LAW.—On the fourth page of this paper will be found a communication upon the subject of a Specific Contract Law, written by one of our most prominent citizens. The feeling is [illegible], among the business men of this city, in favor of a law for Oregon similar to that of California, and it is hoped the bill pending before our legislature, on this subject, may become a law. We can see no cause why it should not work as advantageously here as elsewhere, and result, just as much, to the protection of our interests as it does now to the protection of the capital and interests of our sister State. We have before published much in relation to the Specific Contract law, and have given the opinion of eminent jurists, and sound lawyers upon it, all showing the certainty of its legality.

[illegible] GAS.—We understand that it is in contemplation by the citizens of the upper portion of the city to petition the Common Council for an extension of street lamps on Front street in that direction, and have them regularly lighted. The necessities of the times demand that this should be done, but the condition of the street, at the [illegible] at present does not admit of the [illegible] carrying their mains any farther south. [illegible] regretted very much [illegible] a large and [illegible] district is compelled to be [illegible] groping, dark [illegible] on account of such obstructions. We sincerely hope some plan may soon be arranged to light that part of the city. Some [illegible] lamp-posts were [illegible] the use of Kerosene, in lighting the street, [illegible] that would seem to be behind the age, it would be better than nothing.

NATURAL SLATE PENCILS.—Among the numerous curiosities brought to this port from the Islands, by the bark Cambridge, are a species of the sea-urchin, or sea-egg as it is sometimes called, which is an animal of the genus Echinus, and of the family Radiata, or star fishes. It is round and flattened like a large flat apple, with a thin shell, over its covered with movable spines two or three inches long, and about two-eighths of an inch thick. These spines being movable where they are jointed to the shell, the animal, by this means, is capable of locomotion. The eggs are very common everywhere on this coast and we have before alluded to them, but these are larger than we have ever seen. The spines, it is said, are frequently used by school children, for [illegible] in marking on their slates.

WOOL.—The wool season has about closed, and there is probably little more to be shipped from this section. The wool market has been lacking any very special activity during the year, generally arriving in small lots, and exchanged at moderate figures, in such a way that we are without any particular data as to the aggregate amount, notwithstanding it is known there are many thousand more sheep in the country than has been at any former season, and their fleeces are more than an average. Several lots of wool were being stored in this city yesterday.

THE LINCOLN CLUB.—A large and enthusiastic meeting was addressed by Hon. Geo. H. Williams, at Willamette Theatre, last evening. The speech was emphatically, decidedly good, and made Union men feel as though they had not at their best in weak places, in more senses than one, while at the same time it was a most scathing rebuke to the weak [illegible] now opposing the government. A Club was formed in support of Lincoln and Johnson, the names composing the officers of which we are compelled to defer until to-morrow for publication.

RAPIDLY FILLING UP.—By the arrival of every steamer from the upper Columbia, this city receives [illegible] accessions to the floating population, and a [illegible] to the permanent class of citizens. The [illegible] is continually overflowing, and there never was a time when dwelling houses were in greater demand. The busy hands of the artisan have [illegible] comfortable abodes for numbers [illegible] in addition to what we have in this city one [illegible] ago, and yet the demand is the [illegible].

DEPARTURE OF THE STEAMSHIP BROTHER JONATHAN.—The steamship Brother Jonathan, S. J. De Wolf Commander, will sail for Victoria and San Francisco to-day. The steamer Julia will leave [illegible] wharf at 12 o'clock noon, with the passengers and express.

Dr. Hostetter's Stomach Bitters.—The stomach is the fountain head of scores of diseases which affect the human system. Indigestion, bad enough per se, generates diarrhoea, dysentery, faintness, vertigo, palpitation of the heart, general debility, &c. Get rid of it, then, at once, by going through a course of
Dr. HOSTETTER'S STOMACH BITTERS,
A palatable and refreshing preparation, which as surely relieves all ailments of the stomach and its dependencies, as the sunshine melts the snow. A course of the medicine may not be [illegible] necessary. One bottle frequently accomplishes a complete cure.—Sold by all Druggists and dealers everywhere. [illegible]daw

The first effect of a bilious climate upon the human system is to produce a torpor and inactivity of the Liver, thereby preventing the natural and free discharge of bile. All know the lurking nature of the poison that produces Fever and Ague, and its kindred diseases. A sallow complexion, capricious appetite, and occasional pain in the side, are often the only symptoms to warn of impending danger. The operation of Dr. Osgood's India Cholagogue is to counteract this miasmal influence, by producing activity of the biliary organs, and a healthy discharge of bile from the system.
Guard against imitations! Be sure that you obtain Dr. Osgood's India Cholagogue and you are safe. Sold everywhere. Sole Agents for the Pacific Coast,

"A Slight Cold," Coughs.—Few are aware of the importance of checking a Cough or "slight cold" in its first stage; that which in the beginning would yield to a mild remedy, if neglected, soon attacks the lungs. "Brown's Bronchial Troches" give sure and almost immediate relief. Military Officers and Soldiers should have them, as they can be carried in the pocket and taken as occasion requires.
Redington & Co., San Francisco, Agents for the Pacific Coast.

Dysentery.—For dysentery and similar complaints of the Summer season, the PERUVIAN SYRUP has proved a remarkable preventive and cure. By imparting tone to the intestinal mucous membrane, it places that surface in the best possible condition to resist the irritation of crude and indigestible articles of food.

Specific Contract Law.

[illegible] In the [illegible] writer [illegible] law, [illegible] currency [illegible] [illegible]

[illegible] Legal Tender notes, [illegible] Congress authorized Secretary Chase to sell gold [illegible] for Legal Tender notes, and the Secretary did actually sell a large amount (some millions in gold) for each dollar in gold, Government received about one dollar and ninety cents, or for every million in gold, about one million, nine hundred thousand dollars in Legal Tender notes. Does not the Government make a discrimination? Do you suppose you could take a million dollars in greenbacks and buy from the Government a million dollars in gold? Certainly not. Do you think that Congress meant to say that you could borrow one thousand dollars in gold coin to-day, giving your note payable in gold coin, to-morrow come to me and pay your note with one thousand dollars in Legal Tender notes? [illegible] upon that [illegible] a binding [illegible] guarantee. It now remains for our [illegible] to give us a specific law to enforce these contracts payable in gold.

We do not dispute the right to pay a debt in legal tender notes, contracted since the passage of the act, where the currency is not specified. Where specified to be paid in *gold*, we want a law to enforce the collection in *that kind* of national currency, otherwise we are like a ship at sea without a rudder. We do not want laws for honest men, but a law to compel dishonest men to do as they agree, and be compelled to seek a more honest occupation than to crawl about our courts contracting gold debts with the deliberate intention of paying in legal tender notes.

The duties on imports for the first six months of this year was *one hundred and twenty-five millions*. As long as Government requires such an enormous amount of her revenue to be paid in gold, just so long must you make laws for the protection of transactions in gold, otherwise you drive capitalists to hide their gold, to hoard it up, thereby depriving the people and the Government of the use of that gold. Everything here is based upon gold. Never having had paper currency the people are not ready to substitute it, taking one dollar in greenbacks for one dollar in gold, when it takes at Washington and in New York two dollars in greenbacks to buy one in gold. The people demand for their own protection a Specific Contract law. If it be unconstitutional, when so decided by the Supreme Court of the United States, we will cheerfully submit, as will California. In the meantime, however, and until such is obtained, we ask a law that will protect capital and induce capitalists to invest their money in Oregon instead of sending it to California where they think it is secure under their Specific Contract law. California offers greater interest for our capital and a law to protect it. We ask no increase of interest, but a law to protect the principal; otherwise you force our people to send their gold to California, while they loan only greenbacks in Oregon, thereby crippling the great internal improvements that should be progressing in our young and thriving State.

Solution of Protoxide of Iron,

GENERAL DEBILITY,

and all Diseases which require a

Tonic and Alterative Medicine.

THE PROOFS OF ITS EFFICACY are so numerous, so well authenticated, and of such peculiar character, that sufferers cannot reasonably hesitate to receive the proffered aid.

The class of diseases for which the Syrup provides a cure is precisely that which has so often baffled the highest order of medical skill. The facts are tangible, the witnesses accessible, and the safety and efficacy of the Syrup incontrovertible.

From well-known Citizens of Boston.

The undersigned having experienced the beneficial effects of the "Peruvian Syrup," do not hesitate to recommend it to the attention of the public.

Certificate of Dr. Hayes.

It is well known that the medicinal effect of Protoxide of Iron is lost by even a very brief exposure to air, and that to maintain a solution of Protoxide of Iron, without further oxidation, has been deemed impossible.

In the Peruvian Syrup, this desirable point is attained by COMBINATION IN A WAY BEFORE UNKNOWN; and this solution may replace all the proto carbonates, citrates and tartrates of the Materia Medica. A. A. HAYES, M. D.,

IODINE WATER.

IODINE WATER IS THE MOST IMPORTANT DISCOVERY of modern chemistry, and it is impossible to over-estimate its influence as a remedial agent. Iodine has been considered the most useful article in Materia Medica, and many of the most scientific and practical chemists and physicians have investigated its effects upon the human system. It is to act upon the

HEART, LIVER, KIDNEYS, DIGESTIVE ORGANS AND GLANDULAR SYSTEM,

and to have great control over

SCROFULOUS AFFECTIONS.

Notwithstanding the zeal and ability which have been devoted to its investigation, it remained almost useless until Dr. Henry Anders, a physician and chemist of New York, after years of patient labor and experiment, discovered a chemical process which enabled him to dissolve

PURE IODINE IN PURE WATER.

without a solvent. This, considered impossible by the scientific world, is attested by certificates of analysis from Dr. J. R. Chilton of this city, and Prof. Booth, U. S. Mint, Philadelphia. The importance of this discovery was so highly appreciated by the Faculty that it was published in the Medical Journals, and its use recommended to practitioners (see "American Medical Monthly," July, 1859, page 76.)

This valuable medicine is now available to the public for the cure of Scrofula in all its manifold forms, Consumption, Cancer, Heart, Liver and Kidney Diseases, Rheumatism, Neuralgia, Nervous Affections, Dyspepsia, Bronchitis, etc.

AS A TONIC

Its operation is evinced by strengthening the digestive organs and increased nutrition of the body is the result of the employment of Iodine. The patient recovers flesh, strength and color; hitherto pale, relaxed and feeble, he becomes full, strong and florid.

Full directions accompany each bottle.
